

ACCOMMODATION OPTIONS AROUND SOUTHPORT THE GOLD COAST

Freediving Gold Coast participants frequently ask for recommendations or suggestions of suitable accommodations for their stay on the Gold Coast. As a prime international and domestic tourist destination, the Gold Coast offers a wide range of holiday accommodation. These vary from budget accommodation to luxury hotels, offering a variety of amenities and services. Naturally, their rates also fluctuate according to rooming type and the requested booking dates.

We cannot provide a comprehensive list of accommodation options on the Gold Coast including current offers and you may find more information advertised on various hotel booking sites on the internet. However, we have prepared a basic list of options that may be helpful and included contact details of some hostels and hotels in the Southport area. We recommend finding accommodation around Southport as the Gold Coast Aquatic Centre is located here for all our pool based components and the meeting point for all boat departures for the ocean component of our courses. Our office, Parkside Medical, is also located only some 10 minutes away by car.
